Dear Valued Customer:

The global supply for many of our key raw materials has not kept up with demand resulting in a significant increase to our costs.

SNF is implementing a second price increase effective our shipping date of April 1st 2017.

These increases apply to all customers where contracts allow.

We are constantly monitoring the prices of our raw materials and will quickly react to changes both up and down.

We thank you for your continued support during this difficult and fast changing time.

Please contact your SNF sales representative if you have any questions.
